To: Hospitality Customers Serviced by BCLIQUOR Stores

From: LDB Wholesale Operations

Re: LDB Inventory Count: February 8-11, 2024

The BC Liquor Distribution Branch's (LDB) distribution centres in Delta and Kamloops will conduct a mandatory physical inventory count from Thursday, February 8 through Sunday, February 11, 2024. The distribution centres will not be filling orders during the inventory count.

Hospitality customers serviced by BCLIQUOR (BCL) stores may continue to place orders during the inventory count but only product stocked in the store can be fulfilled until the count is completed. During this time, products that are fulfilled directly from the distribution centres and non-stocked wholesale product (NSWP) may be delayed.

Thank you for your patience.
